Date 2nd December 1948

JANAB SYED ABDUL ALEEM, B.A.,
Secretary to Government,
Revenue Department,
BANGALORE.

SUBJECT.- Payment of allowances to certain members of the Staff of the Municipal High School, Closepet.

With reference to your letter No. L.4410 dated 27th October 1948 on the above subject, I have the honour to state that the number of sections and strength in this School during the period under reference were as follows -

Class	No of sections	Strength.
I Year.	2	98
II Year,	2	82
III Year,	1	54

As regards the query raised in your letter under reference in regard to the need for holding the classes in shifts for a part of the School year only, I wish to state that it was reported by the District Educational Officer, Bangalore District that during the Sathyagraha movement in September 1947 there was a fire in the School under reference as a result of which the two sheds in which some of the classes of the School were being held were burnt down and much damage caused to the School building and furniture and that the existing building could accommodate only one class of 50 students i e , the III Year Class and that the remaining 4 Sections of the I and II Year Classes had neither accommodation nor furniture in the existing building and that the construction of the permanent building of the School would take 4 or 5 months for completion In view of this, permission was granted by this office to the Management of the School as per their request and the recommendation of the District Educational Officer, to hold the I and II year classes of the Sch

School in the building of the local Boys' Middle School during mornings between 7.30 and 10.45 A M. daily with 5 periods of 35 minutes each and an interval of 20 minutes on all full working days and between 11 A.M. and 4.30 P.M. with 6 periods on Saturdays and between 11 A.M. and 1 30 P M. on partial holidays, the III Year Class working between 11 A.M. and 4.30 P.M. in the High School building as usual As the III Year class had lost many lessons during the Strike period and this loss in lessons could not have been made up if this class also had to work during mornings with 5 periods of 35 minutes each, arrangement to run this class between 11 A.M. and 4.30 P.M. had to be made in the interest of the efficient working of the School.

Yours faithfully,

GMB/2-12.
